*Jewelers Since 1905*

"I was born into the jewelry business.

I'm a fourth-generation owner of Wilson & Son Jewelers in Mount Kisco, New York, and we've been in business since 1905.

My brother and I are both graduates of GIA. We've both had Graduate Gemology degrees since the eighties. We have our Gemology degrees from the American Gem Society and we're members of a myriad of organizations in this industry.

Our Wilkerson story started when we noticed a business decline in the downtown area of Mount Kisco. We decided it was time to make a move, and we chose Wilkerson to help us. Was it a good choice? The amount of traffic that's been coming through our doors the last 8 weeks is just remarkable. We had no idea that kind of traffic was possible.

The fact is, Wilkerson delivered like clockwork. They hit all the goals. They're extremely organized, very competent and they are great communicators. Every question we asked was answered.

And that's not all. What was truly incredible was how well our Wilkerson representative, Phil, fit into our culture. He was someone we'd never met before; someone we had to trust around our jewelry, our people, and our safes...our most valuable possessions. Yet we never gave it a second thought. He was a member of our team from day one, and a member of our family forever."
